

Historic Civil Engineering Landmark Nomination

This form may be printed. If more space is required to provide full response, please include additional documentation. Electronic nominations may be emailed to: jlawrence@asce.org. Include all materials relating to the nomination in a single pdf file.

Hardcopy nominations should be mailed to:

History & Heritage Committee
ATTN: Jennifer Lawrence
1801 Alexander Bell Drive
Reston, VA 20191-4400

Date: _____

ASCE Section: _____

Check one:

- The following is nominated for designation as an International Historic Civil Engineering Landmark
 The following is nominated for designation as a National Historic Civil Engineering Landmark
 The following is nominated for designation as a Local or State Historic Civil Engineering Landmark

Is the following currently designated as a Local or State Historic Civil Engineering Landmark?

Name of nominated project:

Located at (nearest town): _____ County: _____ State: _____

The latitude and longitude to the nearest minute (or U.T.M. coordinates):

Attach detailed local and vicinity maps that show access from a major city or the interstate:

The proposed landmark's owner:

In support of this nomination the following information must be provided:

1. Date of construction (and other significant dates):
2. Names of key civil engineer and other professionals associated with project:
3. Historic (national or local) significance of this landmark
4. Comparable or similar projects, both in this and other countries. (Provide name, location, dates, short description of each project)

5. Unique features or characteristics which set this proposed landmark apart from other civil engineering projects, including those in #4 above.

6. Contribution which this structure or project made toward the development of: (1) the civil engineering profession; (2) the nation or a large region thereof.

7. A list of published references concerning this nomination.

8. A list of additional documentation in support of this nomination. (Please list all supporting documentation, including documents, publications, photographs, and supporting historical evidence. Include this documentation in Appendices as part of a single pdf file.)

9. Please recommend text to appear on the Landmark plaque that describes the landmark and why it is worthy of recognition from a civil engineering and historical point of view. Text should be limited to 100 words.

10. A statement of the owner's support of the nomination and the owner's commitment to provide a location to mount the landmark plaque where it will be publicly accessible and highly visible to the public.

If this nomination is approved for designation as an Historic Civil Engineering Landmark by the Board of Direction of ASCE, we understand that the Section (or nominating organization) will have the major responsibility for the public presentation ceremony of the plaque and for plaque maintenance.

Chairman, Section History & Heritage Committee:

Section Secretary:

Section President/President, Engineering Organization):

*Note: For nominations spanning multiple states/countries, the other Section presidents/Presidents, Engineering organizations, should sign the nomination form or concur with the nomination in writing. If all Sections affected by the nomination agree on dedicating this landmark, the nominating Section should inform the HHC of their decision and send one (1) copy of the nomination package to the staff contact for the HHC

Note: Designation by ASCE as an Historic Civil Engineering Landmark carries no legal commitment on the part of ASCE, the owner or the governmental jurisdiction in which it is located.
