

Journals & Periodicals

2012 Institutional Price List

ASCE Journals Highly cited. Highly respected. Highly relevant. The ASCE Journals and Periodicals Program is the critical medium through which civil engineers publish their expertise and research, forming an archival record of the technical advances of the civil engineering profession as a whole. **2012 PRICE LIST ON REVERSE.**

What **ascelibrary.org** offers in 2012

✓ **86,000** Professional, Technical Papers

✓ **774,000** Pages of Civil Engineering Content

✓ **54,000** Journal Papers—Archives from 1983 to the Present

✓ **31,000** Proceedings Papers—Complete Collection of Titles Since 2000

More from ASCE Library

ASCE Journals Usage Statistics Are COUNTER 3 Compliant

ASCE Usage Statistics are compliant with the COUNTER Code of Practice for Journals and Databases. Librarians at institutions with active online journal subscriptions may register to use the service to generate and view usage reports. To register or for more information, go to www.scitationreports.org.

Consortium/Corporate Multisite Licenses

Providing online journal access to researchers in different departments—different cities—even different countries—is a constant challenge to libraries. ASCE can help. For more details, call William Nara at 1.703.295.6163 or e-mail wnara@asce.org.

Back Issues

ASCE has complete sets of print volumes from 2004 to the present, available for purchase at the current print subscription rates for each journal. To order, please contact us at 1.703.295.6300 or e-mail onlinejls@asce.org.

20% More Content

29-Year Electronic Journal Archive Included in 2012 Online Subscriptions

ASCE Library now contains journal archives from 1983 to the present, more than **54,000** journal articles. A fully paid 2012 institutional print+online or online only subscription includes access to all archive issues for the subscribed journal.

ASCE Online Proceedings Expands by 4,000 Articles

ASCE Online Proceedings currently includes all ASCE-published conference titles from 2000 to the present. The collection contains 315 proceedings volumes, totalling more than 31,000 technical articles, and provides in-depth coverage of emerging technologies presented at key conferences around the world.

More Affordable Packages

Save More Than 30% on ASCE Discount Subscription Packages

Save up to \$6,000 when you purchase the 2012 All Journals subscription. This complete set, including all 33 ASCE journals, forms the core collection in the field. Save even more by adding ASCE Online Proceedings to your All Journals package at the discounted price of just ~~\$1100~~ \$850. (SEE PRICING ON REVERSE)

Greater Discoverability & Accessibility

New Features in ASCE Library Enhance User Experience

ASCE Library introduces new features that empower you to work interactively with the content and reduce the time to locate relevant civil engineering content. New features include 1) **HTML full-text articles** offering inline references, inline search, and a zoom on tables and figures, 2) **an advanced search interface** with more options and better controls to explore returned content with faceted results, and 3) **fully linked PDFs** with links to the home page of any referenced works and to the objects in the article, such as figures and tables.

Streamlined Mobile Edition of ASCE Library is Now Available

Browse the ASCE Library, optimized for display on mobile devices, by pointing your mobile web browser to ascelibrary.org and access content that is just as usable on the mobile web as it is on your desktop.

Secure Archiving

ASCE Electronic Journal Content Deposited in CLOCKSS & Portico

ASCE is committed to the long-term preservation of its digital journal content and has arranged for secure archiving with Portico and CLOCKSS to ensure that its 33 journals are preserved and available for future scholars, researchers, and students. The archival record will include the back issues of all ASCE journals currently available at ascelibrary.org.

Ordering Information

- All subscriptions must be prepaid.
- Subscriptions are accepted on a one-year basis only. Multiple-year subscriptions will not be accepted. If previous volumes of the journals are requested, they will be charged at the 2012 subscription price.
- All journal subscriptions are entered on a calendar-year basis. Service begins upon receiving a paid order; back issues for the current year will be sent on all subscriptions. *Civil Engineering* magazine subscriptions are entered on a random-expire basis and begin upon receipt of a paid order. If back issues of *Civil Engineering* are requested, they will be charged at the single issue rate of \$30/issue.
- There are no agency or library discounts given on subscriptions.
- Domestic rates apply only to the U.S. and possessions. Foreign rates apply for all other countries. For journals and *Civil Engineering* magazines shipped to foreign destinations, air delivery service is included in the price.
- Requests for cancellation of a print subscription made after an order has been processed and service has begun are subject to a service charge. A credit or refund will be given on the unserved portion of the subscription.
- Missing-issue requests will be honored only if received within 3 months (domestic) and 5 months (foreign) of publication date.
- Prices are subject to change without notice.
- Send all orders, payments, and inquiries to:
American Society of Civil Engineers
Subscription Orders, P.O. Box 79162, Baltimore, MD 21279-0162

Satisfaction Guaranteed

ASCE proudly stands behind the publications we offer. If at any time you're not completely satisfied with your subscription, you may choose to cancel it and receive a credit or refund on the unserved portion of the subscription. Cancellations on orders that have been processed and where service has begun are subject to a nominal service charge.

Usage rights

Usage rights of active institutional subscribers will be governed by the terms of the current Institutional Online User License, a signed copy of which must be submitted to ASCE. E-mail Onlinejls@asce.org for a copy of the license. Note: To view ASCE's online journals, institutions must have either a fully paid print+online or online only subscription to the current 2012 subscription year.
