GENERAL MEETING STRUCTURE:

We have a rotating meeting schedule. One month we have a Business Meeting, the next we coordinate a Mixer with a technical speaker, and the following we have a Social activity.

MOST SUCCESSFUL MEETING:

All of our meetings are generally successful. Our social events are often the most highly attended meetings. In particular, we had a fantastic turnout for our annual BBQ this year.

GROUP ACTIVITIES:

Charity Golf Tournament, bowling, pub night, mixer with technical speakers and a holiday dinner.

IMPROVEMENTS FOR NEXT YEAR:

We continue to make progress on enhancing the technical features on our website. We plan to modernize our membership database and email distribution system in the coming year as well as simplify our registration process for the semi-annual PE Review courses.

TECHNOLOGY:

We currently use our website, newsletters, emails and Facebook updates to distribute information and our membership chair maintains the database of our members.

FUNDING INFORMATION:

Our group is supported entirely through fundraising from our bi-annual PE Review Courses. We do not request financial support from our Section or Branch, nor do we charge for membership.

NEW MEMBER RECRUITMENT:

Recruitment comes from word of mouth, our monthly newsletter, our website, and through our Student Affairs Committee outreaching to four universities in our area (UC Davis, University of the Pacific, CSU Sacramento, and CSU Chico).

SECTION/BRANCH INTERACTION:

This year we have made a concerted effort to interact with our local Section and Branch. YMF officers have been attending the Section and Branch business meetings and participating in their events.

STUDENT INTERACTION:

The Student Affairs Committee coordinates our interaction with the Student Chapters from UC Davis, Sacramento State, Chico State and the University of the Pacific. Members from the student affairs committee attend student meetings as well as MidPac.
