Professional History

Please attach a brief CV of no more than 3 pages.

Brief Bio

Please provide a brief bio of less than 150 words.

--

UESI Involvement

List UESI activities including all offices held, committee membership, etc. Indicate whether the activity was at the Chapter, National, or International level. Briefly and succinctly describe your most significant involvement.

Other Professional Activities

List other activities including professional society, association, or institution memberships. Briefly and succinctly describe the candidate's significant involvements and positions held. Include the name of organizations, grade of membership, and date originally joined.

Recognition

List significant awards, honors, and recognitions accorded to the candidate that relate to utility, pipeline engineering, trenchless technology, utility tunneling, or survey/geomatics, or a related field. List awards received from UESI, ASCE, other professional associations, government, civic associations, etc. Indicate whether they were national, international, regional, or local; governmental or educational. Include the years of all awards received.

Publications

List the 5 most significant journal/conference papers, books, articles, and/or presentations that relate to utility, pipeline engineering, trenchless technology, utility tunneling, or survey/geomatics or a related field authored by the candidate.

Application Certification

I, the candidate named in this application, certify that to the best of my knowledge and belief the statements contained in this application are true in substance and effect and are made in good faith.
