

Share Your Achievement on Social Media

Congratulations on earning your ASCE credential and digital badge!

Your digital badge showcases your achievement, highlights skills earned, and provides verified credential information to employers, colleagues, and professional networks.

For the **best experience**, share your badge **directly through Credly** so others can view your credential details and learn more about the program.

A digital credential that showcases your expertise.

Why Share Through *Credly*

Verifies
your
achievement

Displays
credential
details

Highlights
skills
earned

How to Share Your Badge

Accept Your Badge

Claim your badge
through Credly
email invitation.

Sign into Credly

Open your badge
in your
Credly account.

Select "Share"

Choose the Share
option on the
badge page.

Choose Channel

Follow the prompts
to publish
your badge.

Best Practice

Share directly from Credly whenever possible.

Sharing a screenshot or image of your badge may prevent viewers from accessing credential details, verification information, and program links.

*Celebrate your accomplishment
and inspire others in the profession!*
