YOUR MEMBERSHIP—GETTING STARTED

Put your membership to work for you:

1. Select your free ASCE Institute at [asce.org/institutes](https://www.asce.org/institutes).
2. Participate in your local ASCE Section, Branch, Technical Committee, or Younger Member Group and get connected in your area at [asce.org/regions_sections_branches](https://www.asce.org/regions_sections_branches).
3. Explore free technical content through Access Engineering at [asce.org/accessengineering](https://www.asce.org/accessengineering).
4. Review the free on-demand webinars at [asce.org/freepdh](https://www.asce.org/freepdh).
5. Make connections in ASCE's online community, ASCE Collaborate, at [collaborate.asce.org](https://www.collaborate.asce.org).
6. Enroll in the Key Contact Program and help shape public policy (U.S. only) at [asce.org/keycontacts](https://www.asce.org/keycontacts).

For information on group memberships, please visit www.asce.org/corporate_services

Begin enjoying your benefits and move your career forward today.

TURBOCHARGE YOUR CAREER

Build Your Professional Skills with 10 Free PDHs

Select and participate in up to 10 one-hour on-demand webinars yearly. Earn a free PDH for each test you successfully pass. asce.org/freepdh

Take Control with ASCE Career By Design

Plug in to ASCE's new online portal for young civil engineers. Get the tools, tips, resources, and opportunities you need to advance your career.

Special Member Rates on ASCE's Civil Engineering Salary Report and Data Tools

Members enjoy five free data uses, plus \$200 savings on 20 additional data uses and \$300 savings on the unlimited Salary Report Bundle. ASCE annually launches a Civil Engineering Salaries report, which provides a detailed analysis of what civil engineers are actually paid in the U.S. Find out if you are getting paid what you're worth, or paying what's needed to attract top talent to your business. This product also includes a Salary Calculator.

asce.org/salaries

Add to Your Skills with Free, Exclusive eLearning Webinars

Enjoy member-only access to live and archived eLearning webinars to enhance your personal knowledge and career development. Topics include:

- Leadership skills
- Communication Skills
- Volunteering and mentoring
- Business and financial planning

asce.org/elearning

Take the PE Civil, SE, or Environmental Exam and Ace the Test with PE Exam Review Courses

Our faculty with over 20+ years' experience can help you prepare for your PE exams with focused courses designed to maximize your study time. Live and on-demand sessions are included, as well as handouts, homework problems, and study tips.

Learn from the Leader in Lifelong Learning for Civil Engineers

Advance your career through state-of-the-practice training on the latest innovations and information in civil engineering. Your instructors are respected authorities in their fields with practical experience to share with you. The leader in lifelong learning for civil engineers, ASCE Continuing Education offers a comprehensive suite of in-person and online programs for individuals and organizations. Learning formats include:

- Guided Online Course Certificate Programs
- Full-Day, Face-to-Face Seminars
- Guided Online Courses
- Live Webinars
- On-Demand Seminars and Webinars
- On-Site Group Training

asce.org/continuing-education

Boost Your Skills with ASCE's Guided Online Courses

These self-paced, 6 or 12-week courses are offered several times a year, and award CEUs and PDHs upon completion. Led by practicing engineers who are leading experts in their fields, the courses will help you refine skills that are immediately applicable to your job.

asce.org/guided-online-courses

Achieve Professional Distinction through ASCE's New Certificate Programs

Comprised of multiple Guided Online Courses, ASCE's certificate programs go broader and deeper into specific technical areas. Developed and delivered by leading industry professionals and educational experts, these multi-dimensional programs focus on practical knowledge that will enable you to excel in your career.

MAKE CONNECTIONS

Join the Thought Leadership on ASCE Collaborate

Whether you are looking for answers or helping to answer them, this is a dynamic platform to explore the latest thinking and developments in a wide range of civil engineering topics. Post inquiries, browse forums, and participate in dynamic online discussions through this growing global knowledge base.

collaborate.asce.org

Network at Conferences and Other Events

From conferences on new practices to ASCE's acclaimed global convention, you'll connect with the most dynamic people and organizations in your field.

asce.org/conferences

Create Valuable Relationships through ASCE Mentor Match

Protégés can find more than guidance; they can gain a valuable professional ally. Likewise, mentors connect with the future of civil engineering, while helping to advance it.

collaborate.asce.org/mentoring

Participate in Technical Divisions

Add to your resume and connections as you explore the newest developments in research and practice from cross-cutting areas such as:

- Aerospace
- Changing Climate
- Cold Regions Engineering
- Computing
- Energy
- Forensic Engineering
- Infrastructure Resilience
- Wind Engineering

STEP INTO YOUR LEADERSHIP ROLE

Gain Key Skills and PDHs through ASCE's Live and Online Leadership Training Programs*

ASCE's in-depth Leadership Training Series is aimed at developing the next generation of civil engineering leaders! You will leave with increased confidence in leadership, deepened interpersonal skills, and specific actions you can take to continue with your leadership journey. Special training available upon request for local Sections on Leadership Skills. asce.org/leadership-training

Advocate and Work Toward Sustainability*

ASCE provides you with a wealth of resources on the standards, best practices, and recognition for sustainable work. Advance your practice in this important area with tools, courses, conferences, and publications. ASCE's Sustainable Infrastructure Certificate Program will provide you with the knowledge, tools, and techniques you need to design, build, and manage sustainable projects, and to take a leadership role in making infrastructure sustainable. asce.org/sustainability

Get Involved in the Legislative Process at the State and Local Level

ASCE members can monitor current legislation and regulations in their state through State Track, ASCE's legislative tracking service.

asce.org/state-legislative-tracking

Sections and Branches are invited to request complimentary advocacy and media relations trainings, Government Relations University, and Public Relations University.

asce.org/issues_and_advocacy

asce.org/pr_and_gr_universities

Promote Diversity and Inclusion* Throughout the Civil Engineering Profession

Stay abreast of trends, solutions, and programs to actively promote diversity, equity and inclusion and further inclusiveness within the Society and the civil engineering profession. ASCE's diversity programs include diversity webinars, manuals, journals, and other resources to support the ASCE Code of Ethics. asce.org/diversity

Make Your Mark During Engineers Week

Celebrate and promote engineering as part of this global event, held each February. ASCE helps lead programs including the Future City Competition, Introduce a Girl to Engineering, New Faces of Engineering, and more. Get free, ASCE-exclusive collectible bookmarks for your Engineers Week event, planning guides, and more.

asce.org/event/2021/engineers-week

Help Lead Your Local Section, Branch, or Younger Member Group

ASCE offers a wide range of opportunities to join and help lead its many technical groups and cross-cutting initiatives.

asce.org/regions_sections_branches

Receive a Prestigious Award or Become an ASCE Fellow

ASCE honors the advancement of the engineering profession through meritorious achievement and outstanding contributions. Become nominated, or nominate a colleague.

STEP INTO YOUR LEADERSHIP ROLE (continued)

Demonstrate Leadership in One of ASCE's Many Specialized Groups

Join thousands of professionals who participate in an Institute or Society committee. You'll raise your professional profile as you help establish standards, solve important issues, and advance new initiatives. asce.org/committees

Help Your State and Nation Make the Grade

The Infrastructure Report Card* is the premiere source on infrastructure, positioning ASCE as an expert cited by Presidents of the United States, Congress, governors, and the media. Last released in 2017, the Report Card for America's Infrastructure assessed 16 categories of infrastructure and assigned an overall grade of "D+", as well as offered solutions to raise the grades. ASCE uses the report to explain to lawmakers, the media, and the public why infrastructure investment matters.

State Infrastructure Report Cards are prepared by Sections and Branches to further localize the findings of the national Infrastructure Report Card and serve as an advocacy tool to ignite action at the state and local level.

The Save America's Infrastructure App makes it easy to stay informed and take action, while providing key facts from the Report Card at your fingertips. infrastructurereportcard.org

Shape Public Policy as an ASCE Key Contact

As a Key Contact, your voice joins those of other ASCE members in advocating for the profession by telling lawmakers about priority issues such as infrastructure investment and licensure. This program offers special resources to support you in building relationships with lawmakers and asking them to support legislation ASCE endorses. Members can also apply to participate in the legislative process each year at the Fly-In in Washington D.C., which culminates in meeting with Members of Congress. asce.org/keycontacts

Inspire a New Generation through STEM Outreach*

Inspire the next generation and promote civil engineering careers using ASCE's Pre-College Outreach resources. Find a library of hands-on activities, learn how to communicate with kids, borrow the Career Fair-in-a-Box, and order free or low-cost brochures and giveaways.

asce.org/pre-college_outreach

Show Your Family and Friends What It Means to Dream Big*

Available for streaming on Netflix, ASCE also offers this inspirational film on DVD, accompanied by a robust suite of educational tools to help engineers and educators ignite kids' interest in engineering. Dream Big is more than a movie—it's part of a movement, with an eclectic, stereotype-busting engineer cast. The film takes the audience on a journey through engineering's greatest wonders as it tells a story of human grit, aspiration, compassion, and the triumph of human ingenuity.

asce.org/dream-big

Volunteer Opportunities

ASCE has the opportunities and tools to help you bring your expertise and energy to your community. You'll be gaining leadership experience as you build greater understanding and perform important local action. The dozens of options include:

- K-12 Outreach*
- Career Fair-in-a-Box
- Community Engineering Corps and other Service Opportunities
- Government Relations
- Civil Engineering High School Clubs*
- Multi-Region Leadership Conferences*
