YOUR MEMBERSHIP—GETTING STARTED

Put your membership to work for you:

1. Select your free ASCE institute at asce.org/communities/institutes-and-technical-groups.
2. Participate in your local ASCE section, branch, technical committee, or younger member group and get connected in your area at asce.org/communities/find-a-group/regions.
3. Review and select your 10 free on-demand webinars at asce.org/freepdh.
4. Download your five free articles from the ASCE Library as part the ASCE Member Yearly Article Pack at ascelibrary.org.
5. Make connections in ASCE's online community, ASCE Collaborate, at collaborate.asce.org.
6. Enroll in the Key Contact Program and help shape public policy (U.S. only) at asce.org/advocacy/key-contacts.
7. If you are a government employee, check out the focused programs and benefits for government engineers at the individual and organizational level at asce.org/membership/corporate-engagement/organization-partners/government-engineers-programs-and-resources.

For information on organizational memberships, please visit asce.org/membership/corporate-engagement/organization-partners

Begin enjoying your benefits and move your career forward today.

TURBOCHARGE YOUR CAREER

Build Your Professional Skills with 10 Free PDHs

Select and participate in up to 10 one-hour on-demand webinars yearly. Earn a free PDH for each test you successfully pass. asce.org/freepdh

Special Member Rates on ASCE's Civil Engineering Salary Report and Data Tools

Members enjoy five free data uses, plus \$200 savings on 20 additional data uses and \$300 savings on the unlimited Salary Report Bundle. ASCE annually launches a Civil Engineering Salary Report, which provides a detailed analysis of what civil engineers are actually paid in the U.S. Find out if you are getting paid what you're worth, or paying what's needed to attract top talent to your business. This product also includes a Salary Calculator.

asce.org/salaries

Become a Certified Engineer

Founded by ASCE, Civil Engineering Certification is the only professional credential developed by civil engineers, for civil engineering. It recognizes civil engineers who have demonstrated advanced knowledge and skills in a specific specialty area, bringing more value to civil engineering stakeholders. Certified members get a discount on ASCE's professional liability programs.

- Civil Engineer, Certified
- Coastal Engineering
- Geotechnical Engineering
- Navigation Engineering
- Ocean Engineering
- Pipeline Engineering-Water
- Port Engineering
- Project Utility Engineering
- Water Resources Engineering

asce.org/certification

Add to Your Skills with Free, Exclusive eLearning Webinars

Enjoy member-only access to live and archived eLearning webinars to enhance your personal knowledge and career development. Topics include:

- Leadership skills
- Communication skills
- Volunteering and mentoring
- Business and financial planning
- Career boosters
- Sponsored webinars

Learn from the Leader in Lifelong Learning for Civil Engineers

Advance your career through state-of-the-practice training on the latest innovations and information in civil engineering. Our expert instructors are respected authorities in their fields with practical experience to share with you. The leader in lifelong learning for civil engineers, ASCE Continuing Education offers a comprehensive suite of in-person and online programs for individuals and organizations. Learning formats include:

- In-person and webcast live training
- Live online training
- On-demand training
- All Access Pass for On-Demand Webinars
- Certificate programs
- ASCE Seminar Week
- Customized group training

asce.org/education-and-events/explore-education

All Access Pass

This product provides unlimited yearly access to Continuing Education's on-demand webinar catalog for \$165 for members. This includes over 400 titles and 650 PDHs.

www.asce.org/education-and-events

Immerse Yourself in ASCE Seminar Week

You can earn up to 40+ PDHs by participating in one or multiple seminars, in-person or through our livestreaming options. In addition, you will benefit from many networking opportunities.

asceweek.org

Achieve Professional Competency through ASCE's Certificate Programs

Comprised of multiple self-paced, on-demand courses, some with live components, ASCE's certificate programs go broader and deeper into specific technical areas. Developed and delivered by leading industry professionals and educational experts, these multi-dimensional programs focus on practical knowledge that will enable you to excel in your career.

MAKE CONNECTIONS

Join the Thought Leadership on ASCE Collaborate

Whether you are looking for answers or helping to answer them, this is an interactive platform to explore the latest thinking and developments in a wide range of civil engineering topics. Post inquiries, browse forums, and participate in dynamic online discussions through this growing global knowledge base.

collaborate.asce.org

Collaborate with Colleagues in the Peer-to-Peer Standards Exchange

Ask questions about and discuss ASCE's more than 70 technical standards in this new forum within ASCE Collaborate. collaborate.asce.org/standards-exchange

Create Valuable Relationships through ASCE Mentor Match

Protégés can find more than guidance; they can gain a valuable professional ally. Likewise, mentors connect with the future of civil engineering, while helping to advance it.

collaborate.asce.org/mentoring

Participate in the Center for Technical Advancement

Add to your resume and connections as you explore the newest developments in research and practice from cross-cutting areas such as:

- Aerospace Division
- Committee on Adaptation to a Changing Climate
- Cold Regions Engineering Division
- Committee on Infrastructure Risk Management
- Computing Division
- Energy Division
- Forensic Engineering Division
- Infrastructure Resilience Division
- Committee on Sustainability

asce.org/technical-areas

Network at Conferences and Other Events

From conferences on new practices to ASCE2027: The Infrastructure and Engineering Experience, you'll connect with the most dynamic people and organizations in your field.

FIND INSIGHTS & RESOURCES

Peer into the Future of Civil Engineering through Future World Vision*

Explore Future World Vision, ASCE's program to understand the trends, strategies, and methods for achieving a variety of future scenarios. Future World Vision takes you inside deeply researched, wholly plausible future worlds, allowing engineers to plan for tomorrow with their work today.

See the giant screen film, *Cities of the Future*. Through jaw-dropping CGI and the immersive size and sound of the IMAX experience, *Cities of the Future* invites audiences to "step into the future."

futureworldvision.org

ASCE Member Yearly Article Pack

This new benefit allows five free article downloads from the ASCE Library each year. This includes journal papers, book chapters (except standards), and proceeding papers. ascelibrary.org

Use the ASCE Library—the Richest Collection of Civil Engineering Content Available

Get immediate online access to more than 240,000 technical articles, 590+ e-books and standards, and the high-quality, authoritative technical content found in 35 journals and 790+ conference proceedings. Save your searches to be notified about new content. Members get a 25% discount on e-books and conference papers. ascelibrary.org

Use AMPLIFY to Improve Accuracy, Streamline Your Workflow, and Save Time

This groundbreaking digital platform redefines how civil engineering standards are accessed, understood, and applied. Static standards are transformed into a dynamic knowledge ecosystem.

amplify.asce.org

ASCE Hazard Tool

The easy mapping features of this free web-based application offer the quick, accurate lookup of key design parameters specified by Standard ASCE/SEI 7-22, 7-16, and 7-10, and ASCE/SEI 41-23 and 41-17.

asce7hazardtool.online

Use the Most Cited Journals in Civil Engineering

ASCE's 35 peer-reviewed journals are the most highly read, highly cited publications in the field. They are the leading source of research and its practical application for civil engineering professionals worldwide. Members get a 75% discount on journal subscriptions.

STEP INTO YOUR LEADERSHIP ROLE

Gain Key Skills and PDHs through ASCE's Live and Online Leadership Training Programs

ASCE's in-depth leadership training is aimed at developing the next generation of civil engineering leaders! You will gain increased confidence in leadership, deepened interpersonal skills, and specific actions you can take to continue with your leadership journey. Special training available upon request for local sections.

asce.org/leadership-training

Advocate and Work Toward Sustainability*

ASCE provides you with a wealth of resources on standards, best practices, and recognition of the design, implementation, and maintenance of sustainable civil infrastructure globally. Advance your practice in this important area with tools, courses, conferences, and publications.

www.asce.org/communities/institutes-and-technical-groups/sustainability

Get Involved in the Legislative Process at the State and Local Level

ASCE members can monitor current legislation and regulations in their state through State Track, ASCE's legislative tracking service.

asce.org/advocacy/state-legislative-tracking

Sections and branches are invited to request complimentary advocacy and media relations trainings through ASCE's Government Relations University, and Public Relations University.

asce.org/advocacy

asce.org/advocacy/pr-and-gr-universities

Promote Diversity and Inclusion* Throughout the Civil Engineering Profession

Stay abreast of trends, solutions, and programs to actively promote diversity, equity, and inclusion and further inclusiveness within the Society and the civil engineering profession. ASCE's diversity programs include diversity webinars, manuals, journals, best practices guide, videos, and other resources to support the ASCE Code of Ethics. ASCE's Best Practices Resource Guide is a living document designed to provide strategies for incorporating diversity, equity, and inclusion into ASCE activities and initiatives. asce.org/diversity

Make Your Mark During Engineers Week

Celebrate and promote engineering as part of this global event, held each February. ASCE helps lead programs including the Future City Competition, Introduce a Girl to Engineering, New Faces of Engineering, and more.

Younger Member Group

ASCE members 35 or younger are encouraged to join an ASCE Younger Member Group. Enter your zip code to find your local group.

asce.org/communities/younger-members/find

Receive a Prestigious Award or Become an ASCE Fellow

ASCE honors the advancement of the engineering profession through meritorious achievement and outstanding contributions. Become nominated, or nominate a colleague.

STEP INTO YOUR LEADERSHIP ROLE (continued)

Demonstrate Leadership in One of ASCE's Many Specialized Committees

Join thousands of professionals who participate in an institute or society committee. You'll raise your professional profile as you help establish standards, solve important issues, and advance new initiatives. asce.org/communities/committees

Help Your State and Nation Make the Grade

The Infrastructure Report Card* is the premiere source on infrastructure, positioning ASCE as an expert cited by Presidents of the United States, Congress, governors, and the media. Last released in 2025, the Report Card for America's Infrastructure assessed 18 categories of infrastructure and assigned an overall grade of "C", as well as offered solutions to raise the grades. ASCE uses the report to explain to lawmakers, the media, and the public why infrastructure investment matters.

State Infrastructure Report Cards are prepared by sections and branches to further localize the findings of the national Infrastructure Report Card and serve as an advocacy tool to ignite action at the state and local level.

infrastructurereportcard.org

Shape Public Policy as an ASCE Key Contact

As a Key Contact, your voice joins those of other ASCE members to advocate for the profession by telling lawmakers about priority issues such as infrastructure investment and licensure. This program offers special resources to support you in building relationships with lawmakers and asking them to support legislation ASCE endorses. Members can also apply to participate in the legislative process each year at the Fly-In in Washington D.C., which culminates in meeting with Members of Congress.

asce.org/advocacy/key-contacts

Inspire a New Generation through STEM Outreach*

Inspire the next generation and promote civil engineering careers using ASCE's Pre-College Outreach resources. Find a library of hands-on activities, learn how to communicate with kids, and order free or low-cost brochures and giveaways. Sign up to be an Outreach Champion, and browse the online catalog of instructional webinars.

asce.org/career-growth/pre-college-outreach

Show Your Family and Friends What It Means to Dream Big*

Available for streaming on Netflix, ASCE also offers this inspirational film on DVD, accompanied by a robust suite of educational tools to help engineers and educators ignite kids' interest in engineering. Dream Big is more than a movie—it's part of a movement, with an eclectic, stereotype-busting engineer cast. The film takes the audience on a journey through engineering's greatest wonders as it tells a story of human grit, aspiration, compassion, and the triumph of human ingenuity.

asce.org/initiatives/dream-big

Volunteer Opportunities

ASCE has the opportunities and tools to help you bring your expertise and energy to your community. You'll be gaining leadership experience as you build greater understanding and perform important local action. The dozens of options include:

- K-12 outreach*
- Community Engineering Corps and other service opportunities
- Government Relations
- Multi-region leadership conferences*
- Section, branch, and younger member groups, and student chapters
