

Virtual Student Conference

Engagement Activities Grant

Due to our current challenging times, all Student Conferences have been cancelled. This is usually a great opportunity for Younger Member groups to engage with students, but with the inability to do so this year, we have repurposed this grant to connect with students in your area virtually!

Grant Goals

- Connect with faculty advisors, Committee on Student Member representatives, and with local student leaders and members.
- Facilitate good relations between students, younger member groups, professionals and the Society.
- Influence students and raise awareness about matters pertaining to student preparation for life after college, their early professional activities, and their continued affiliation with the Society.
- Help students identify with the ASCE younger member experience and further their understanding of the value of continued association with other young professionals who have previously made this transition.

To enable these goals, the Committee on Younger Members is accepting proposals for grants ranging from **\$300-\$600** for younger member groups to organize virtual interactions. [See "Need Ideas?" page for suggestions!] The grant activity must be completed by September. Activity Report and receipts must be completed by September 29th, 2020 to receive payment.

If your group is interested in applying, please complete the proposal application on the following pages and submit it via email to youngermember@asce.org no later than

April 10th, 2020 at 11:59 PM EST

The logo for ASCE Younger Members. It features the acronym "ASCE" in a large, bold, blue font with three horizontal lines under the "A". Below "ASCE", the words "YOUNGER" and "MEMBERS" are stacked in a smaller, blue, sans-serif font.

Need ideas?

- Host a webinar and reimburse students for their lunch orders. Webinars may include:
 - Tips for navigating the job search
 - Post-College Transitions
 - Benefits of continued engagement in ASCE
- Use Skype/Google Hangout/Meet to host virtual interactions with students. Some may include:
 - Resume review with mock phone interviews
 - Online Mentoring
- Most colleges will most likely not have graduations so create an event to help give the students a virtual ceremony, get creative!
- Utilize any of our social media tools, ie. Instagram, Facebook, Snapchat, to generate engagement.
- Create an online post competition with awards!
- Create an online mentoring program.
