**RESOLUTION 2017-02**

**RECOMMENDATION FOR PUBLIC SECTOR MEMBERSHIP DUES DISCOUNT**

**WHEREAS**, the number of ASCE members working in the public sector seems significantly disproportionate to members working in the private sector; and

**WHEREAS**, typically public sector employed members have to pay their own dues while private sector employed members often have their employer reimburse membership dues; and

**WHEREAS**, ASCE does not currently provide members working in the public sector any membership discount; and

**WHEREAS**, other professional organizations offer membership due discount for members working in the public sector; and

**WHEREAS**, ASCE provides an international membership dues discount; and

**WHEREAS**, ASCE provides new graduates a sliding scale membership dues structure for the first five years after graduation; and

**Therefore, be it RESOLVED that** the Central Region Younger Member Council (YMC) recommends ASCE Board of Direction explore implementing a percentage discount and/or sliding scale discount to public sector members to encourage additional membership and further professional networking opportunities.
