CDRM Monographs

1. Ayyub, B.M. and Kearney, M.S., Sea Level Rise and Coastal Infrastructure, Monograph No. 6, Council on Disaster Risk Management, American Society of Civil Engineers, 1801 Alexander bell Drive, Reston, Va., 2012.

5. Uddin, N., Editor, Wind Storm and Storm Surge Mitigation, Monograph No. 4., Council on Disaster Risk Management, American Society of Civil Engineers, 1801 Alexander Bell Drive, Reston, Va., 2011.

6. Uddin, N. and Ang, A.H.S., Editors, Disaster Risk Assessment and Mitigation, Monograph No. 2., Council on Disaster Risk Management, American Society of Civil Engineers, 1801 Alexander Bell Drive, Reston, Va., 2009.

7. Uddin, N. and Ang, A.H.S., Editors, Quantitative Risk Assessment for Natural Hazards, Monograph No. 5., Council on Disaster Risk Management, American Society of Civil Engineers, 1801 Alexander Bell Drive, Reston, Va., 2011.

CDRM Proceedings

**Resource List**

**ASCE Council on Disaster Risk Management (CDRM)**

**April 2013 version**

---

**Natural Hazards Review (CDRM’s journal)**

(Note: the goal is to provide a short list of NHR-related publications that have added significant and durable value to the field of risk engineering. It is not meant to be comprehensive).

---

**References**

(Note: the goal is to provide a short list of non-CDRM publications that have added significant and durable value to the field of risk engineering. It is not meant to be comprehensive).
